Additional Ways to Save

The Supplemental Life Insurance options above indicate a Guaranteed Issue amount. This is the amount of coverage you can purchase without having to provide what is called Evidence of Insurability (EOI), or proof of good health. After electing coverage, you will receive more information if you need to take further action to enroll.

Note: Full-time team members may purchase Supplemental Life Insurance (up to the Guaranteed Issue amount) without EOI during their initial enrollment (new hire or status change). If a team member does not enroll in Supplemental Life Insurance during their initial enrollment and then later elects Supplemental Life Insurance during Open Enrollment or during a life event, EOI will be required by The Hartford.

Don't Forget to Name Your Life Insurance Beneficiary Visit the Workday website at www.myworkday.com/dulyhealthandcare/login.html.

Disability Insurance

Disability Insurance, provided by The Hartford, replaces a portion of your income to help you continue to pay your bills and meet your financial obligations if you are unable to work due to illness or disability. Your options are covered in the summary table below. *South Bend Clinic and Quincy Medical Group team members:* Please refer to your 2022 benefits insert for details regarding your Short-Term Disability coverage.

- Any STD benefits received from the plan will not be taxed since you are paying the full premium cost on an after-tax basis.
- You may come back to work part-time while on STD and still receive prorated STD pay.

Critical Illness Insurance

The out-of-pocket costs of a serious illness can be significant, even with medical insurance. To help offset these costs, Critical Illness Insurance, provided by Voya, provides extra financial protection by paying a lump sum directly to you if you are diagnosed with a covered condition, such as heart attack, cancer or stroke. That way, you can focus on getting better rather than worrying about how to cover your bills.

Coverage is portable and available to you, your spouse and child(ren) to pay for your treatment costs or everyday living expenses like housekeeping services, special transportation services and day care.

Accident Insurance

Life is unpredictable. Be prepared for life's surprises with Accident Insurance, provided by Voya. The plan pays a lump sum directly to you, based on your accident, and you choose how to spend it. Whether you break a bone or experience a more serious injury, you can use the money for medical bills, monthly expenses and other bills that you may have while you recover.

Hospital Indemnity Insurance

In the event of a hospital stay, even the best health insurance plan can leave you owing thousands of dollars in unpaid medical bills. With Hospital Indemnity Insurance, provided by Voya, the plan pays cash directly to you that you can use to help pay medical costs, or even pay for everyday expenses like grocery bills or mortgage payments.

Note: You must enroll in these benefits **within 30 days of hire/a qualifying life event (or during the annual Open Enrollment period)**. Visit www.Voya.com or call **1-877-236-7564** (Group #712027).

FINANCES

Duly offers benefits, including the Health Savings Account and 401(k) Plan, to help you save money now and in the future.

Health Savings Account (HSA)

If you enroll in the HSA Medical Plan, you are eligible to open a Health Savings Account (HSA) through Fidelity. The HSA is a tax-advantaged personal savings account that allows you to set aside funds to pay for eligible medical, prescription drug, dental and vision expenses. You then pay for expenses using your HSA debit card or pay out of pocket. If you pay out of pocket, you can reimburse yourself by debiting funds from your account. Be sure to keep your receipts. A full list of eligible expenses is available at www.irs.gov.

How It Works

- **Make individual contributions and get a company contribution.** Duly will contribute tax-free money to your HSA if you make a minimum contribution. See the following page for details. In 2022, the limits on total contributions to your account are:
 - **Up to \$3,650** for single coverage (including Duly's contribution)
 - **Up to \$7,300** for all other coverage levels (including Duly's contribution)
 - If you are age 55 or older (or turn age 55 in 2022), you may contribute an **additional \$1,000** (also known as 'catch-up contributions')**Note:** If you are newly hired or have a change in status/life event, you may contribute a prorated amount (not the full \$1,000).
- **Never pay taxes.** Contributions are made from your paycheck on a before-tax basis and the money will never be taxed when used for eligible expenses.
- **It's your money.** Unused money can be carried over each year and invested for the future – with the potential to gain interest or earnings tax-free. You can even take it with you if you leave Duly or retire.

Set Up Your HSA

Visit Fidelity at www.NetBenefits.com or call **1-800-544-3716** to start using the HSA to pay for eligible expenses. Funds are available as soon as money is in your account. In order for team member and employer contributions to be made to your HSA, you must complete the account setup process. Contributions will be on a prospective basis. No retroactive employer contribution will be made. **Note: The HSA requires re-enrollment each year.**

You Cannot Contribute to an HSA if You Are:

- Covered by other insurance that pays for medical services. This includes medical plans that are not high deductible plans (like the PPO Medical Plan) and full-purpose flexible spending accounts.
- Enrolled in Medicare.
- Claimed as a dependent on someone else's tax return (e.g., dependent child as defined by the IRS). However, you can be claimed as a spouse on your tax return.

HSA Contributions

By contributing at least \$26 per calendar year/\$1 per pay period to an HSA, Duly will make a bi-weekly contribution to your HSA. See the chart below for details. Please note this amount is subject to change and/or stop in future years.

	Duly Pay Period Contribution	Duly Annual Contribution (based on 26 pay periods)	Team Member Annual Maximum Contribution	Team Member Annual Maximum Contribution with Catch-up (age 55+)
HSA Medical Plan	\$28.75 Single \$57.50 Other	\$747.50 Single \$1,495.00 Other	\$2,902.50 Single \$5,805.00 Other	\$3,902.50 Single \$6,805.00 Other

Other Things to Note

- You are eligible to open an HSA only if you enroll in the HSA Medical Plan. If you lose your HSA Medical Plan coverage, you can use your remaining HSA funds for qualified medical expenses, but you will no longer be able to contribute to your HSA.
- If either you or your spouse participates in a general-purpose Healthcare Flexible Spending Account (FSA) or Health Reimbursement Account (HRA), neither of you will be eligible to contribute to an HSA.
- If you use your HSA to pay for non-qualified medical expenses, the distribution becomes taxable, and if you are not disabled or over age 65, you will be subject to a 20% tax penalty.
- If you are age 65 and older and are enrolled in Medicare, you are no longer eligible to contribute to your HSA, but can use your remaining HSA funds to pay for qualified medical expenses, such as paying certain insurance premiums for Medicare Parts A and B, Medicare HMO or your share of retiree medical coverage offered by a former employer. **Note:** Your HSA funds cannot be used tax-free to purchase Medigap or Medicare supplemental policies.

Tips for Qualified Medical Expenses

- The expense should primarily be for the prevention of a physical or mental defect or illness. The determination of whether the expense qualifies often hangs on the word 'primarily.'
- Qualified expenses must be incurred on or after the day the HSA was established.
- You, your spouse and your eligible dependents may have medical expenses paid for out of your HSA, even if your spouse or dependent is not enrolled in the HSA Medical Plan.
- Health insurance premiums do not qualify as medical expenses, unless:
 - You are receiving unemployment compensation
 - You are paying for COBRA continuation coverage
 - You have certain qualified long-term care insurance premiums

Flexible Spending Accounts (FSAs)

Flexible Spending Accounts (FSAs) are a great way to save money. The money you contribute to these accounts comes out of your paycheck without being taxed, and you withdraw it tax-free when you pay for eligible healthcare and dependent care expenses. You can participate in the following accounts through PayFlex:

Healthcare Flexible Spending Account (HCFSA)

401(k) Plan

Saving for retirement is important for your financial future, whether you are retiring soon or years from now. All new team members (full-time or part-time) are automatically enrolled in the 401(k) Plan at a 6% contribution rate and a 1% contribution increase per year. Team members can choose to set this automatic increase at 1%, 2% or 3%. The default election option is based on the Target Date Funds. You may change your contribution amount and investment options at any time. *South Bend Clinic and Quincy Medical Group team members:* Please refer to your 2022 benefits insert for details regarding your 401(k) Plan.

Key Features

- **Team member contribution** – There are three ways you can contribute to the 401(k) Plan (you can change your contribution anytime, from 1% to 60%):
 - **Traditional** – Contribute before-tax dollars, taxed upon withdrawal
 - **Roth** – Contribute after-tax dollars, not taxed upon withdrawal when you retire
 - **After-tax** – Contribute after-tax dollars, not taxed upon withdrawal, but any earnings are taxable. If you withdraw after-tax contributions, you will also be required to withdraw associated earnings, which may be subject to a 10% early withdrawal penalty. After-tax contributions are not eligible for the employer match.
- **Employer match** – Duly makes an annual match contribution of 50% of the first 6% of contributions to your 401(k). Since you must be employed on the last day of the plan year (December 31), the match is not made until the spring of the next year.
- **Annual profit sharing** – Duly makes an annual discretionary contribution to your 401(k) in an amount to be determined at the end of the plan year by the Board of Directors.
- **Vesting** – You are always 100% vested in your own contributions. You are fully vested in the employer match and profit sharing contributions after five years of service.

You are eligible for the 401(k) employer match and profit sharing if you have reached 21 years of age, have been employed for one year and continue to be employed as of the last day of the Plan year. Match eligibility also requires working at least one hour in the anniversary year period, and profit sharing requires working at least 1,000 hours in the plan year.

When Will I Receive the Employer Match and Profit Sharing Contributions?

Entry into the 401(k) employer match and profit sharing does not begin on your one-year anniversary date, but on either January 1 or July 1 following your one-year anniversary.

For example, if your anniversary date is between January 2 and July 1, the employer match begins on July 1 following your one-year anniversary and is then deposited as a lump sum the following spring. So if you celebrated your one-year anniversary April 15, 2023, the calculation for the employer match would begin July 1, 2023. You would receive the match for July 1 – December 31 in spring of 2024, provided you were employed through the end of 2023 and met the other criteria.

If you were hired between July 2 and January 1, the employer match begins January 1 following your one-year anniversary. It is then deposited as a lump sum the following spring. You would receive a full year's match the following spring.

Eligibility for profit sharing works the same way, but you would receive the Company's contribution in early fall.

IRS 2022 Contribution Limits

- \$20,500 maximum for team member contribution (traditional and Roth)
- If you are age 50 or older, you may contribute an additional \$6,500 (also known as 'catch-up contributions'), for a total maximum of \$27,000.
- The total of before-tax, Roth, company match, profit sharing and after-tax contributions cannot exceed the lesser of \$61,000 or 100% of your pay in the plan year.

Note: Generally, you pay for the cost of your medical, dental and vision coverage on a before-tax basis over the calendar year, through regular deductions from your paycheck. Deductions generally will begin with the first paycheck you receive after you have completed your online enrollment, and the amount of your contribution will be taken out of each of your paychecks before taxes are calculated. The noted exception to this general rule is if you choose to cover an individual who does not meet the definition of a tax dependent for health coverage purposes under the Internal Revenue Code (e.g., domestic partner and/or children of a domestic partner). In this case, your contributions will still be deducted from your regular paychecks over the calendar year, but the amount of your contribution will be taken out of each of your paychecks on an after-tax basis. In addition, Duly will include in your reportable income the value of any healthcare coverage it provides under the medical, dental and/or vision plans to any such individual. Premium deductions are not prorated by the day or week. The full bi-weekly amount is taken per applicable paycheck.
